

(For students admitted in 2017-18 under the 4-year degree)

School of Science

In addition to the requirements of their major programs, students are required to complete the School Requirements as shown below.

Some courses used to fulfill both Major and/or School Requirements can also fulfill University Common Core Requirements. Students may reuse a maximum of 9 credits of these courses to count towards both Requirements.

Some foundation courses listed below are also requirements of SSCI majors. These courses may also be used to fulfill Major Requirements, in addition to School Requirements. Students may consult the School for details and academic advice.
